Club House Rental

Club house rental is available year round. The Clubhouse is a great affordable place to host birthday parties, gatherings, and other special occasions.

Rates for clubhouse rental are as follows:

\$115 for the first 2 hours
\$10 for each additional hour

A \$150.00 deposit is still required. If you are interested please contact Amanda Taylor—the on-site Manager at (703) 502-8970 or via email at ataylor@capitolcorp.com

Disposal Service

[Patriot Disposal Services](#) regular trash pick-up days takes place on Tuesdays and Fridays.

Please remember to put trash out in your trash toter, as it will keep animals from creating unsanitary conditions. After the trash has been picked up, trash toters and recycle toters must be retrieved (Tuesdays and Fridays) and stored in your back yards, failure to do so could result in a violation notice and fines. Placing trash bags out will also result in a violation notice and fines. These trash requirements are to keep Heritage Forest looking neat, sanitary, and clean for all of us.

Let it Snow!

Snow, sleet and ice always present a unique challenge for the snow removal contractor, the management company and the community. Please read below on some helpful tips and issues faced during the winter weather.

Blue Gray, Federation and Singleton's Way are all managed by VDOT, who is responsible for plowing snow on these streets. If you have issues with these streets, please contact VDOT directly. In researching VDOT, you can contact their Northern Virginia office at (703) 383-8368 or via email at: Nova_Severe_Weather@vdot.virginia.gov.

Now some facts regarding snow removal/treatment in our area:

Why is there snow piled behind my car? Why can't they pile all the snow at the end of the street? It is understandable that you may think the plow can push all the snow from the street away from the cars and to a desirable location. In reality, the snow must fall off the plow blade to allow the truck to keep moving. Otherwise, the snow would quickly pile up and stop the truck. Often there are cars parked on either side of the street so the contractor evenly distributes the snow on either side. This can create a wall of snow behind your car 3-4 times as high as the accumulation. Plowing is not a snow removal service. The objective is to clear the roadway in a timely and safe manner. Accumulation of snow behind your car is to be expected. By pitching in and doing your part to keep your parking area clean you are saving the association and ultimately the homeowner money.

There are no cars parked opposite mine. Why can't they just push all the snow to that side of the street? It is the policy to push the snow to the side of the street that impacts the community the least. However that may not be possible in the following situations: 1) Accumulation over 5"; 2) Circular road (snow will fall to outer portion of circle); and 3) Roads that are vacant on left and then right, the contractor cannot switch directions in the middle of the process.

Why can't they push the snow to the center islands and not behind our cars? This is a common request as many center islands do not have parking spots but unfortunately the contractor is unable to plow this way. The road around the center island is a larger circle; imagine snow in front of the flow as a marble in front of a ruler. If you turn the ruler in a circular fashion, the marble will fall to the outside. The same applies to plowing of snow around a center island. (If your parking area is circular, the snow will predominantly accumulate to the outer edges).

Let it Snow! (continued)

I just shoveled out my car and they came back and plowed me in! I can understand how this can be frustrating. After working hard and using lots of muscle power to clean out your space the contractor destroys your work! Remember that the contractor is contracted to return to plow until the roads are clear. In heavy snows the contractor will visit the property more than once. If the contractor waits until the end of a 6-8" storm before starting, the weight of the snow will be too great for the equipment and the contractor will not be able to service the association in a timely fashion. In cases where they return, this snow gets plowed back into your spot and if they do not return, it can create a dangerous ice mound in the roadway. It is best to pile this snow in front of your space or on the edge of the walkway.

Why is snow in my parking space? Typically snow is not placed in a parking space. However, there are some instances where this is needed. In these cases, the contractor tries to keep the snow to the front of the space so you can still park. In extreme events, the truck may have no choice but to completely plow in a space. When this happens a loader may be needed to be dispatched to move the snow.

What can I do to help? Please do not place snow from your space in the roadway. It is best to shovel the snow from your parking spot to the front of your space. Creating long furrowed rows of snow beyond the parking spaces reduces the width of cleared roadways and eliminates the primary objective of creating two lanes of traffic.

Keeping our Neighborhood Safe

Heritage Forest is still looking for volunteers for our Neighborhood Watch group. Patrols are only a few hours a week at a nighttime hour of your choosing. Patrols are always in pairs and you will receive training from Fairfax County's Police Department on how to report and not get involved. Heritage Forest has not had a functioning Neighborhood Watch in years and we have seen increased crime as a result. If you are interested in participating in this important aspect of our community, please contact Amanda Taylor at our management office at 703-502-8970 or via email at ataylor@capitolcorp.com.

A Place For Our Visitors

Residents are reminded that visitor spaces are for guests only. Owners and renters that park in visitor spaces will receive a notice of violation. The car will be towed if it continues to park in a visitor parking space after proper notice has been given.

A few examples of vehicles that are authorized for immediate tow are vehicles that are parked in a fire lane or double parked and vehicles that have expired tags. Commercial vehicles are not permitted to park in residential parking spaces. Residents and their visitors are not permitted to park in another resident's parking space. Remember if you have more than 2 vehicles, the additional vehicles are to be parked on Singleton/Federation/Blue Gray street per the community restrictive covenants.

If your vehicle is towed please contact Battlefield Towing Company at **(703) 378-0059**. For more information please refer to the Parking and Towing Policy in your Heritage Forest Homeowner's Disclosure Packet.

Volunteers Needed for Committee Chairs

The Heritage Forest Homeowner's Association is in desperate need of volunteers to help manage our community. Please consider volunteering and helping your neighborhood.

Many committee chairs have been vacant for years. Volunteers must be homeowners in the Heritage Forest community in good standing. If you are interested, please see open committee chairs opportunities on Page 5 and feel free to contact the on-site office at manager@heritageforest.org

Pet Waste

According to the U.S. Environmental Protection Agency, dogs can serve as the hosts for up to 65 diseases that can be transmitted to humans, including hookworms, roundworms and threadworms. If left on the ground, these parasites, bacteria, and viruses can contaminate the water, soil, and infect both pets and humans.

Every pet owner has the responsibility of carrying a disposable bag while walking their pets to ensure that no pet waste is left in public areas. Pet waste needs to be bagged and disposed of in trash cans or pet waste receptacles. Please do not dispose bagged pet waste on the ground. The community has a number of pet waste receptacles throughout the neighborhood where you can obtain bags disposed of waste.

Advertisements

The advertisement for K9 Nirvana Pet Care features a dark blue background with a yellow border. On the left, there is a cartoon illustration of a dog's head. The text "K9 Nirvana Pet Care" is written in a stylized, yellow font. Below it, the tagline "Pet care in your home— where your pets are most at home!" is written in a smaller, white font. Further down, the services "Daily Walks, Vacation Visits, Overnight Stays" are listed in white. The phone number "703-909-3908" is prominently displayed in yellow, with the website "www.k9nirvana.com | bark@k9nirvana.com" below it. On the right side, there is a circular seal with a paw print in the center and the text "LICENSED, INSURED AND VETERINARIAN RECOMMENDED" around the perimeter.
